KNIPEX Quality – Made in Germany

Pliers Wrench - 12" length

New and improved

Better performance at a lighter weight

2 1/2" jaw capacity

Now available
in a black finish

10% lighter weight

Laser marked adjustment scale to set the opening width before use – metric and inch markings

Pliers Wrench – 12" length

86

New and improved: the pliers wrench with better performance and lighter weight

- Increased gripping capacity to 2 1/2" (68 mm) due to two additional adjustment positions
- 10% less weight with the same box-joint stability
- Laser-etched scale (metric and inch) allows the wrench opening to be set before gripping onto workplace

> Replaces a whole set of open ended wrenches, metric and inch
> Smooth jaws for damage-free installation of plated fittings – work directly on chrome!
> Reliable catching of the hinge bolt: no unintentional shifting
> Parallel jaws evenly distribute force for a secure grip that is 10x pressure applied to handles
> Chrome vanadium electric steel, forged, oil-hardened
> Pliers wrenches are available in 5" to 16" lengths with capacities from 7/8" to 3 3/8"

86 01 300

NEW

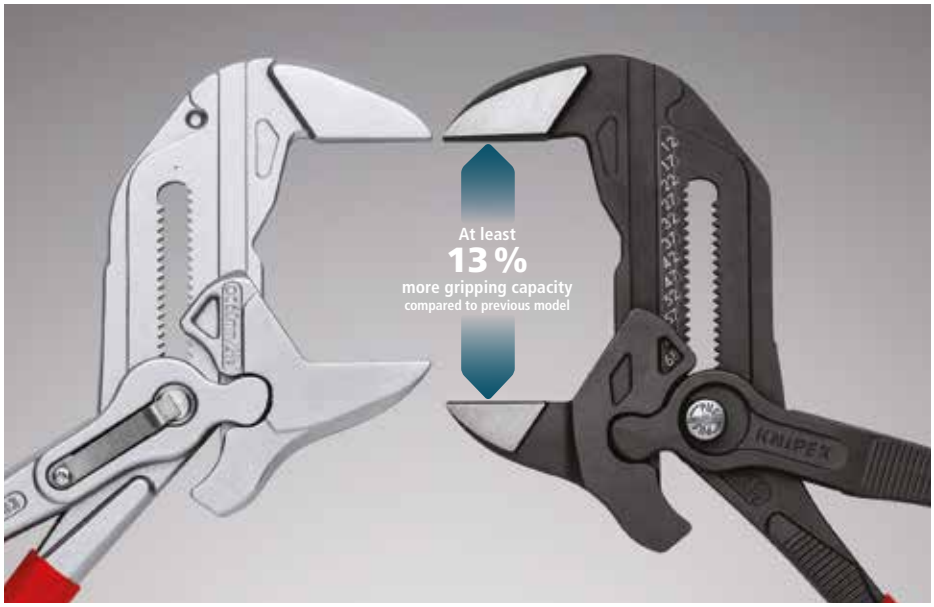

Laser-etched scale for pre-setting of width across flats

86 03 300

Smooth jaws can be applied directly to chrome surfaces
